Henry Wixon and I spoke with Mark Farber on May 21, 2002, and confirmed that he had not received any Office Action regarding U.S. Serial No. 09/528,225.

I contacted the receptionist at the PTO today regarding the status of the application. I spoke with a woman named Aster (703-308-0197). She stated that an Office Action was mailed on November 6, 2001, and the application is now abandoned. The correspondence address was Alexion's, old Science Park address.

She pulled the file, and she called me back to tell me that she would fax a copy of the papers to both myself and Mark Farber (203-271-8195) today.
